STATE TREASURER ON STAND IN SMALL TRIAL AT WAUKEGAN

STATE SCORES IN EVIDENCE GIVEN

Testifies That Small Turned Over Collateral as Security for $10,000,000 After He Took Office as Governor—Testimony is the Most Interesting Thus Far in the Trial

(By The Associated Press)

WAUKEGAN, Ill., June 1.—Evidence that Governor Len Smalll, two years after he left the state treasurer's office and after he took office as governor turned over to the present state treasurer, Edward E. Miller, collateral as security for $10,000,000 of outstanding state funds, was presented today at the governor's trial by Mr. Miller.

The state treasurer, a witness for the prosecution, described the circumstances attending his receipt of the collateral for money loaned by his predecessor, now Lieutenant Governor Fred E. Sterling, to the Grant Park Bank and related two or three conversations he had had with the governor in connection with this transaction. He testified that Governor Small following his election advised him against filing a surety bond because of doubt as to whether the legislature would appropriate the money to pay for it and because the surety company "would probably desire to examine the affairs of the office from time to time."

Mr. Miller also swore that Lieutenant Governor Sterling when he insisted on collecting the outstanding loans, secured by $9,900,000 of packers' notes told him:

"Ed, be careful what you do; we are all friends of yours and you can't do anything without hurting some of us."

Mr. Sterling is also under indictment with Governor Small and Vernon Curtis, head of the Grant Park Bank.

On cross-examination Mr. Miller testified that after the governor and Mr. Curtis turned over to him security for $10,000,000 in Grant Park loans which were later collected, al lstate funds had been accounted for with the exception of $15,000 deposited in the Union State Bank of Dixon, Ill., which failed and was placed in the hands of a receiver. The $15,000 was secured by real estate mortgage, which later turned out to have been forged, he said, and this matter is still in court.

The treasurer's testimony furnished the only high spots of the day, the rest of which was devoted to the identification of signatures on checks, notes, drafts and other papers by various Chicago bank employes.

Judge Goes Fishing.

Court adjourned early to permit the judge to go fishing.

State's Attorney Mortimer, of Sangamon county, conducted the examination of Mr. Miller. Asking him about a conversation with Mr. Small following the November 1920, election he brought out that the governor suggested to the witness that he follow the custom heretofore practiced by state treasures and file a personal bond signed by individuals, instead of one obtained from a surety company. The governor, he said, pointed out the expense attached to purchasing a surety bond, and when Mr. Miller suggested the law provided for the state paying that bill, Mr. Small replied that that was true but no appropriation had been made.

"What else was said about a surety bond?" Mr. Mortimer asked.

"The only other item of any consequence was the suggestion that it would be less troublesome to have a personal bond than a surety bond on the theory that the surety company probably would desire to examine the affairs of the office from time to time."

Mr. Miller then told of receiving from Mr. Sterling an itemized receipt for him to sign, accounting for the money securities and other collateral which should be in the office according to the auditor's records. On inauguration, Jan. 1, 1921, he said, Mr. Sterling called to ask if he had signed the receipt and he replied that he had not.

"He asked me if I was ready to give him this receipt," Mr. Miller testified, "and I said that I was not, that I had not checked the entire contents of the office that there were two or three items which were not complete."

"What items do you refer to as not complete?" Mr. Mortimer asked.

"I referred to a bank at Dixon, Illinois, which was then in the hands of a receiver, involving some $15,000."

"And what else?"

"And the other item on the last page of the document, referring to the total securities in Chicago in safe keeping, checked January 7, 1920, $10,000,000."

"What did he say to you about that?'

"I told Mr. Sterling that the

FIVE MEMBERS OF JURY IN GREEKS TRIAL SELECTED

Two Grounds of Defense Probably Will Be Offered

(By The Associated Press)

QUINCY, Ill., June 1.—Five jurors had been selected this evening when court adjourned in the case of the 29 Greeks charged with the murder of the Schuyler county sheriff and his two deputies, Edward Lashbrook, Frank Utter and Carl Neff. A total of 59 men have been examined up to the present.

It was evident from questions of attorneys that there will be two grounds of defense, one that the Greek railroad laborers did not fire the fatal shots which killed the officers, and the other that the shooting was done in self-defense, the men believing they were being attacked. Every man examined by the defense has been asked if he is a member of a labor union, along with the further question whether he would give the defendants a fair trial if it should turn out from the evidence that the alien Greeks had supplanted American laborers. The invariable answer has been "yes."

One union man has been accepted as juror by both sides.

It is also probable that the state expects some of its witnesses from Frederick and Browning where the tragedy occurred, to be attacked by the defense, as every prospective juror is asked if he has any prejudice against residents of river cities or those who make their living on the river.

There are already a number of witnesses here from Schuyler county an dmany more are expected. At the present rate it will probably be Saturday before the first evidence will be heard.

THRILLS MARKED ENDING OF ONE OF CONTESTANTS

Get Ducking in Lake and Finally Dumped Into Oats Field

(By The Associated Press)

MILWAUKEE, Wis., June 1 — Thrills of a national balloon race which ranged from duckings in Lake Michigan to being thrown sprawling on the ground from a balloon being blown 40 miles an hour in a squall were related in a copyrighted despatch to the Milwaukee Journal today from Irving Ramsdell, one of the reporters who acted as aid to Captain John Berry of St. Louis in the air pilgrimage which started here yesterday. Berry and Ramsdell came down at Montecillo, Ill., after a 280 mile journey of 20 hours and 28 minutes. Ramsdell's copyrighted story was made available to The Associated Press for republication in its newspapers.

Ramsdell's despatch follows in part:

"We passed Racine, Wis., at a 500 foot altitude about an hour after our hop off. Captain Berry was jockeying for a good wind. I looked over the side and saw Lake Michigan, 30 minutes ago about a half a mile beneath us apparently rushing upward at what seemed a mile a minute rate. When we had fallen to within 50 feet of the water I yelled and we struck. The basket was half filled with water. The balloon skipped from wave to wave drenching us.

"The captain was floored by the crash, so I grabbed an ax and began chopping away the sand bags. Suddenly the bag made a leap, which shot it upward and we were away again.

"We were in a haze until we reached Chicago, when we suddenly swooped again, tearing off a piece of the roof of a house. Sometime later a freak wind shot us into the air eddy and half the covering of our basket was torn off when we scraped a haystack or something in a field.

"Soon after dawn we purposely dropped low and learned we were in Indiana about 100 miles south of Chicago. We were forced to release all ballast and all baggage to keep up. About 11 a. m. today we were caught in a squall and then a treacherous wind finished our journey for us. Three times we were nearly spilled as we were turned back and forward. I threw over everything I could lay my hands on, but the big bag shot downward.

"'Duck,' yelled the captain just before we hit ground, but in the next two minutes we covered more than a mile bounding along, tearing down fences, trees and telephone wires, with Captain Berry vainly trying to get hold of the ripping cord to let out the gas. The next thing I knew we were thrown sprawling in an oats field. Both of us were bruised quite a bit but not seriously hurt."

PLEAD GUILTY TO PROHI VIOLATION

By Associated Press.

INDIANAPOLIS, Ind., June 1.—Verdicts of guilty were returned tonight against eight of 21 persons indicted for conspiracy to violate the Volstead act.

"Big Tim" Carero, alleged leader of the conspirators and nine others pleaded guilty prior to the trial.

The eight against whom sentence will be imposed June 23, are: Paolo Sauinido, Anton Biarasso, Martin Mohair, John Sasso, Peter Savio and John Botteo, all of Clinton, Ind., and Morris Cochrane and Joe rBunett of Indianapolis. Two alleged conspirators have not been apprehended and the charge against one was dismissed.

U. OF C. PROFESSOR HAS RESIGNED

Chicago, June 1.—The resignation of Professor Harold G. Moulton of the department of political economy of the University of Chicago was announced today and will become effective at the end of the summer quarter. Professor Moulton will assume the directorship of the newly founded institute of economics at Washington, D. C. He is to the author of several books dealing with political economy.

CONFESSED TO HANGING HUSBAND

Chicago, June 1.—After ten days of almost constant questioning, Mrs. Victoria Turek, mother of three children confessed today, according to police, that she had helped to hang her husband whose body was found underneath a stairway in their home two weeks ago. Mrs. Victoria Turek first claimed her husband had committed suicide.

WAR FRAUD FIGHT INJECTED IN THE HOUSE THURSDAY

Charges and Counter Charges Made by Opposing Factions

(By The Associated Press)

WASHINGTON, June 1.—The war frauds fight raging for days in the senate, broke in the house today, 10 minutes after the rules committee had rescinded its action in giving right-of-way to a Republican resolution for investigation of the lack of government prosecution of alleged war grafters.

Charges by Chairman Campbell of the committee in a "word to Democrats," that their attack on Attorney General Daugherty was the only way in which they could "serve war crooks" threw the house into disorder.

There were cheers from the Republican side as the charge was flung in shouting voice at the Democrats all of them silent save one who hissed.

It brought from Representative Garrett, Democratic leader, the statement that Chairman Campbell who in the first instance had voted to put the investigation resolution before the house had been induced by the attorney general to change his vote and vote "not" to investigate the department of justice.

Curiously enough the row started during consideration of a measure which sought to find work for idle prisoners and as a veteran member expressed it they were off after that.

Amid Democratic cheers Mr. Garrett declared that Chairman Campbell, as an excuse for his own turncoating, for his own weakness of will, for his own lack of intellectual integrity and courage, assails the Democratic administration. After Mr. Garrett had presented a letter from A. Mitchell Palmer, former attorney general courting an investigation by congress, Republican Leader Mondell declared he was glad the committee had rescinded its action.

Charges and Counter Charges.

"A congressional investigation at this time," he said, "could serve no other purpose than that of delay, of muddying the waters, of preventing the prompt action of the grand jury and of the courts."

At the outset of his speech, the first on the subject, Mr. Campbell, said the activities "of a man in the Chicago convention will not operate in his defense in the grand jury room," and that the presentation of a name to the San Francisco convention will not exempt his name from presentation by the grand jury.

Declaring the Republicans might do as they pleased about the investigation sought by Representatives Woodruff and Johnson, Republicans, Mr. Garrett exclaimed:

"I serve notice that you are not with my consent going to avoid an investigation of your own officials by attacking the officials of a former administration who are anxious to participate in any investigation you may desire to make."

Mr. Woodruff said it was probable today's action of the rules committee had foreclosed action by it on its resolution.

"But I want to serve notice on every member," he added, "that if the attorney general's department does not secure the results that he now states he will secure —and he stated the same thing a year ago—if the department does not operate in these cases you will find me here when congress meets again and I want to say to you gentlemen that you will come back and sing a different song."

CARITAS LODGE HELD ELECTION

Rebekahs Selected Officers for Ensuing Term Thursday Evening—Report of Delegate on District Meeting.

Caritas Rebekah Lodge No. 625 at the regular meeting Thursday evening elected officers for the ensuing term.

There was a good attendance of members and the meeting proved of unusual interest. Mrs. C. E. Williamson gave a report of the District meeting at Meredosia. The following officers were chosen:

Noble Grand—Mrs. Alice Barr.

Vice Grand—Mrs. Bessie Tayman.

Secretary—Mrs. Anna Baldwin.

Following the regular meeting the members of the degree staff met and elected Mrs. Abbie Spillman president of the staff and Mrs. Lottie Hutches secretary-treasurer.

LLOYD GEORGE HOST TO W. R. HEARST

London, June 1.—Premier Lloyd George today entertained W. R. Hearst the American publisher and Mrs. Hearst at luncheon. It was said at the premier's official residence that the luncheon was a private party with only a few of Mr. Lloyd George's friends present.

DEVELOPMENT OF MUSCLE SHOALS IS BEING CONSIDERED

Hope to Get Plans Completed to Present to Congress

(By The Associated Press)

WASHINGTON, June 1—Two committees of congress today resumed study of plans for developing the government projects to the house and senate for final disposition.

In the house military committee developments pointed to a quick decision by that body. Delivery there of Henry Ford's final proposal and the presentation of a letter from him to Chairman Kane, calling for early acceptance or rejection of the tender as a whole, stimulated action among the committeemen.

After an executive meeting during which the new language added by Mr. Ford to the committee's counter offer was careully studied and another meeting was arranged for tomorrow when W. B. Mayo and J. W. Worthington representing the Detroit manufacturer will join the committee in what may be their last joint efforts to adjust existing differences.

Speedy Action Impossible

Before the senate agriculture committee today Secretary Weeks declared his belief that speedy action could not be had in congress while the house and senate continued to move along what appeared to him to be the opposite paths in seeking to find a solution of the problem.

The secretary suggested that the two legislative bodies get together and work out a proposal acceptable to both and find a person who would undertake its execution. He said he believed the task could better be performed by a federal agency created and empowered by congress to negotiate contracts for the sale, lease and development of the shoals projects rather than by congress with its lack of administrative qualifications. Chairman Norris later introduced an amendment to the army supply bill in the senate providing $7,500,000 for the "continuation of the work on Dam No. 2 in the Tennessee River at Muscle Shoals, Ala.'

C. OF C. DIRECTORS HELD MEETING

Secretary Welch Engaged for Another Year—Retail Merchants Division May Be Established—Work of Year Reviewed.

The regular meeting of the directors of the Chamber of Commerce was held Thursday night, with President R. Y. Rowe, presiding. Other directors present were J. S. Hackett, E. A. Brennan, Henry Frisch, J. W. Merrigan, W. E. Sullivan, T. A. Chapin, T. M. Tomlinson and L. F. Randall.

The directors by unanimous vote appointed Harold Welch as secretary to serve for another year from July 1. Mr. Welch has proved himself an indefatigable worker during the past year and his services have been very satisfactory to the organization.

The annual report showing the actiities of the Chamber of Commerce was presented and appears elsewhere in this paper. The question of estabishing a retail merchants' division was discussed at some length and Secretary Welch was authorized to take this matter up with retail merchants and act in accordance with their wishes.

The secretary presented a request from the Quincy Commercial club for the marking of trails from Meredosia to Jacksonville and this matter was referred to W. E. Sullivan as president of the Morgan County Good Roads association.

The suggestion of the naming of a city plan commission was approved and transmitted to the city council. Suggestions for president of the forum and for membership in the committee on committees were made but action was deferred until the next regular meeting. Some details of the coming membership drive were discussed before adjournment.

ARREST ON SIGHT TO BE NEW PLAN

(By The Associated Press)

CHICAGO, June 1.—An "arrest on sight" plan was put into effect for the first time by prohibition agents today in raids on ten saloons in an effort to da away with red tape and speed the prosecution of violators of the dry laws.

Under the new plan the arrest follows immediately upon the purchase of a drink, the agent acting as a policeman and making his arrest whenever he observes an infraction of the law.

PAVING CONTRACTOR HERE

W. T. Thatcher, vice president of the Standard Paving Co., of Chicago, was a business visitor in Jacksonville yesterday. Mr. Thatcher is quite well known in Jacksonville, as he spent a number of months here superintending the asphalt work done by his company. Paving work is opening up in a very satisfactory way this year. Mr. Thatcher says, and a busy season is in prospect.

AGREEMENT ON MAXIMUM PRICE OF COAL REACHED

Is Fixed at $3.50 Per Ton in 80 Per Cent of Fields

(By The Associated Press)

WASHINGTON, June 1—Establisment of a maximum price of $3.50 a ton for coal at the mines in 80 percent of the present production fields for the duration of the strike was announced tonight by Secretary Hoover. He regretted, he added, that a small minority of the operators, representing western Kentucky district had refused to cooperate and were demanding their prices.

Consumers can assure themselves a square deal under the established prices by checking freight rates with the maximum price, Mr. Hoover said, determine whether they are buying contract coal and make proper allowances for cost of retail distribution. The maximum price, he explained applies solely to spot coal and consumers who are not treated fairly may appeal to the commerce department with assurance that inquiry into their case will be instituted. Mr. Hoover announced he had been advised that operators of Virginia, West Virginia, Tennessee and Eastern Kentucky would accept the maximum of $3.50 a ton while Alabama, operators, will accept the rate of 25 cents a ton below the Garfield scale in that district.

Western Kentucky operators, he continued, are demanding $4.25 a ton, but he did not feel justified in advising the public to accept that price level.

To Protect Consumer

"It should be understood," Mr. Hoover said, "that the whole object of the administration's interest in coal prices is to protect the consumer by indicating the maximum price that would be fair for spot coal during the temporary period of the strike and by doing so to protect that great group of operators who do not wish to take advantage of the present situation.

"Out of the 5,000,000 tons of weekly production of bituminous coal probably 3,500,000 tons are under long term contracts to consumers at prices stipulated in the contracts and there can be no alteration of these contract prices which as a rule run considerably below prices for spot coal, as they represent a steady business to the mines. Many dealers enjoy long time contracts at lower rates than the maximum fair price suggested for soft coal and it would be only fair to the public that in the resale of this contract coal these dealers should give the consumer the full benefit of their lower prices and I feel sure from my discussions with them that the majority will do so.

"The maximum price for spot coal is not the minimum price. It is only a general figure that will protect the public from such occasions as the last pinch when spot coal in many places was more than $10 per ton.

"In arriving at the figures, the Garfield scales were taken as a basis as these scales were the result of close investigation during the war and allowances have been made for increased costs and a general average of the situation taken that would protect the public and maintain production."

HAVING TOUGH TIME GETTING THE MONEY

(By The Associated Press)

PARIS, June 1.—The French Olympic committee at a general meeting tonight after being officially informed that the finance commission of the chamber of deputies had appropriated 11,000,000 francs, decided this amount was insufficient to organize the 1924 Olympic games in Paris.

The Olympic commission addressed a letter to Premier Poincare asking for 15,000,000 francs originally decided upon and saying that otherwise the committee might be obliged to inform the International Olympic committee that Paris would be unable to hold the 1924 games.

CHICAGO'S FIRST SUBWAY ORDINANCE

CHICAGO, June 1—Chicago's first subway ordinance was completed today and will be submitted to the council committee of transportation tomorrow. Altho the details were closely guarded, it was reported that a bore connecting the North and South Sides of the city and extending from 18th street on the south to Division street on the north will be provided.

WILSON HOPES FOR GOOD COMMITTEEMEN

St. Louis, Mo., June 1.—Former President Wilson today expressed hope in a telegram to St. Louisans that "good city committeemen would be elected."

W. T. Dodsworth of Franklin was among the callers in the city yesterday.

ANNOUNCES PLAN FOR UNIFICATION OF BIG STEEL CORPORATIONS

Name of New Organization Will Probably Be Northern American Steel Corporation —Involves Merger of Midvale, Republic Iron & Steel and Inland Steel Companies

(By The Associated Press)

NEW YORK, June 1.—Thomas L. Chadbourne, attorney, today announced adoption of a plan whereby the properties of the Midvale Steel & Ordnance company, Republic Iron & Steel company and Inland Steel company would be unified under ownership of Midvale. The name of the new corporation probably will be the Northern American Steel comporation,

The terms of the plan were outlined as follows:

"All existing obligations of the three companies are to be assumed by the unified company. Existing preferred and common stocks will be changed into preferred and common stocks of the unified company. The new preferred stock is to have a par value of $100 a share, is to be 7 per cent cumulative, is to be redeemable at $115 a share and accrued dividends, and is to be convertible for 12 years into new common stock at the rate of five shares of new common stock for four shares of new preferred. The common stock is to be without par value.

"All assets of the three companies are to be owned by the unified company except the Nicetown plant (armour making ordance and forging) of the Midvale Steel company which is to be transferred to a separate company with a capacity of 500,000 shares without par value.

"Disposition of the new stock will be as follows under the plan Midvale company stockholders will reecive 75 per cent new common stock, 25 percent stock in the company formed to take over the Nicetown plant.

"Republic Iron and Steel preferred stockholders are to receive dividends in cash to date when the new preferred dividend begins to accrue and 100 percent in new preferred stock. Republic Iron and Steel common stockholders are to receive 25 percent new preferred stock which is to be purchased from them at $95 a share and 70 percent new common stock. Inland company stockholders are to receive 25 percent in new preferred stock to be purchased from them at $95 a share.

"It is intended to provide $20,000,000 additional cash working capital from the sale of common stock."

Negotiations are pending, Mr. Chadbourne says for the acquisition of other properties but irrespective of the outcome of these negotiations, Midvale, Republic and Inland companies propose to proceed with these merger plans.

Financing will be handled by Kuhn, Loeb & Co.

JOLIET BANKER GETS BLACK HAND LETTER

(By The Associated Press)

JOLIET, Ill., June 1.—George Woodruff, president of the First National bank of Joliet and vice president of the National Bank of the eRpublic of Chicago, today received a letter demanding $50,000 on threat of death. The note, signed "Blackhand," was found by a maid on the doorstep of the Woodruff residence.

The letter was an exact counterpart of similar threatening notes received by Dr. J. H. Stanton and Dr. E. J. Stephen, wealthy Joliet citizens within the past few weeks.

"I am not worried at all about that note," Mr. Woodruff said by long distance telephone from Chicago this afternoon, "I suppose it was the work of some crank."

BUTCHER'S UNION ELECTS OFFICERS

New Officials of Local Union Elected for Ensuing Year.

Local No. 69, Meat Cutters Union at the regular meeting held Thursday evening elected the following officers for the ensuing year. They are:

President—Edward Miller.

Vice president—Glen Stevenson.

Recording Secretary—Charles Montgomery.

Financial Secretary — Victor Alhquist.

Trustees — Jake Beastall, Frank Smith, George Haigh.

Guard—Chester Conlee.

STEERING GEAR BROKE

Owen E. Franks had a narrow escape from accident late Thursday afternoon. He was driving a Ford delivery car east on State street between West street and the square when the steering knuckle was broken and he temporarily lost control of the car, which was moving rapidly. Altho the machine twice was nearly overturned, he managed to escape collision with other cars and turned into the alleyway adjoining the Economy store.

After traveling 100 feet or more north in the alley, he was able to stop the run away machine without having done any damage or receiving any injury.

DYES SUBJECT OF HEATED DEBATE IN SENATE THURSDAY

McCumber and Robinson Near Personal Encounter

(By The Associated Press)

WASHINGTON, June 1—Running 44 minutes beyond the time set for quitting, the senate brot its night session to a close tonight in considerable disorder. Much time was devoted to heated debate on phases of the dye subject, which as had been predicted developed into one of the most bitter fights on the tariff measure.

The interchange between Senators holding opposing views on proposed imports on dyes became more pointed as the evening session progressed and in the last minuates a personal encounter between Senator McCumber in charge of the tariff bill and Senator Robinson, Democrat, apparently was narowly averted.

Advancing to the center to meet, the senators found Senator King, Democrat standing between them. Then Senator Poindexter, Republican, moved across the chamber and took Senator McCumber by the shoulders. The latter resisted and for a moment they were clinched.

Meantime there was a general hubbab. Finally an agreement to recess until tomorrow was reached, Senator Robinson agreeing to withdraw his motion for adjournment or recess might be taken.

The disagreement arose of the question of the senate quitting until tomorrow. Democratic senators desired that the session be ended without a vote on the brick schedule, taken up after one vote on the dye duties, as some wanted to discuss it further. Senator McCumber said he thot a vote could be obtained tonight.

Bring in Absentees

A point of no quorum was made and after a roll call disclosed that only 44 senators were present that the sergeant-at-arms was directed to bring in absentees. The second roll call showed 45 present and after some discussion, Senator Robinson moved to adjourn. After a five hours fight the senate had approved committee amendments to the tariff bill proposing a duty of fifty percent ad valorem and seven cents a pound on crude coal tar dye products. The vote was 37 to 20.

Consideration of committee amendments dealing with duties on glass and glassware was completed with approval of reductions from the house rates on glass bottles and unpolished cylinder, crown and sheet or common window glass.

The senate struckout a proviso under which imported glass bottles would have been taxed at a rate of not less than 50 percent ad valorem.

Specific rates proposed by the house and ranging from 50 cents per gross to one cent a pound remained unchanged.

House rates on cylinder, crown and sheet glass were reduced almost all along the line, senate committee rates ranging from 1 3-8 cents a pound to 2 1-4 cents a pound being accepted in place of the original house duties of from 1 3-4 cents a pound to four cents a pound.

John Henn of Ashlaad was a traeler down to Jacksonville yesterday.

In Bloomington $50,000 was recently raised for the Y. M. C. A. No doubt local people interested in a similar enterprise are simply waiting to find the time they think propitious for asking subscriptions toward the organization.

A motorcycle policeman is again on duty in Jacksonville and not before his services are needed. People seem to forget about traffic rules if no official watch is kept over them. There is need for stricter observance of the rule which requires automobiles to stop when a street car is discharging or taking on passengers.

A Chicago baseball club has agreed to pay $100,000 for a San Francisco player. As the government expenditures are now considered in billions instead of millions, there comes like increases in the base ball world. It is just as easy now to grasp the idea of a $100,000 purchase as it was to understands $25,000 or $30,000 deals ten years ago.

Saginaw, Mich., a city with a population of over 60,000, has been without street car service for nearly a year because of a disagreement between the city and the company over a franchise. Even 10 years ago a city so large would have been paralyzed by the loss of street car service. Now there is inconvenience but with the aid of automobiles and jitneys, business is moving along about as usual.

A Boy Scout leaders class is offered for ten days in July at the Culver (Indiana) summer school. This school has been conducted there for several years with great success.

Altho Jacksonville does not have a first class council it would be of great advantage to the Scout organization here if a representative could be sent to this school for training. This is a project that some local organization might well foster.

THE NEWSPAPER BUSINESS.

From the Dalias News:

The work is never over within a newspaper office. The news is never all in, the type is never all distributed, the mail is never all delivered before new news has to be handled, new types have to be set, new mails dispatched. When a person has a job in a newspaper office he need never be unemployed. He can work his silly self to death if he wants to. Moreover, the number of people employed in a newspaper, great or small, is limited only by the earning capacity of the establishment. There is so much for everybody to do that whenever a little profit appears on the balance sheet new names appears on the pay roll. This is as true of the New York Apgee as of the Hickory Hill Herald. Being in the newspaper business means to wonder if the army of the unemployed is as miserable a place as it is represented to be. Not to have something to do that must be done on schedule time does not seem to a newspaper man a condition of extreme irk.

AMBITION AND WORK

The Forbes magazine repeats some homely truths that apply to individuals and to cities.

"Good qualities represent greater possibilities in combination. Any one among you may have ambition to succeed; but, if that quality is not backed up by other good characteristics, then success is a long way off. The average persons would get farther in its ambitions if he took stock of the fact that ambition is only a wish and, of itself, cannot bring one near the desired goal until the proper efforts toward it are exerted, ever striving harder and harder until finally that goal is attained."

"In his words there is much food for thought. How many persons aspire to greater heights, for greater comforts, longing to get out of a well-worn rut, to rise above mediocrity, yet remain far from their goals nothwithstanding an abundance of ambition.

Turn to any man with a position of prominence; the attainment represents not alone ambition—it is supported by hard work, perseverance, call it what you will, for it all amounts to a "get-there-spirit"—gumption— which has constantly been combined with ambition."

WORK ON HARD ROAD MOVING RAPIDLY

Contractor Lonergan Has Large Force at Work — Expects to Finish Entire Stretch in October.

Work is moving along in a very satisfactory way on the hard road east of Jacksonville. Walter Lonergan, of the Lonergan Construction Co., said yesterday that if weather conditions remain favorable that he hopes to have the road built from Alexander west to the subway east of Arnold in two months. The distance is 4 3-4 miles.

The work of removing the loading plant and tracks from Arnold to Alexander was completed recently. In fact, the laying of concrete began last Saturday, and sixty or seventy men are employed on the job in addition to the men who are driving the twenty teams.

The work of grading has been sub-let by Mr. Lonergan to M. R. Brady, a contractor who makes his headquarters in Indianapolis. After the road has been constructed from Alexander to Orleans the scene of operations will be transferred to the Wabash sub-way east of Arnold and the work crew will move to the east and connect up with the hard road at Orleans.

The advantage in handling the work in this way is found in the fact when the road has been completer from the Wabash subway to Orleans that the road now in course of construction from Alexander to Orleans will be ready for use. This fact will be of advantage in moving the trackage and other equipment to Alexander for the construction work to the east.

The distance from Alexander to the east terminus of the job the Lonergan Co. has is 4 1-2 miles. With favorable weather continuing Mr. Lonergan expects to have the entire job completed by the middle of October.

The Lonergan company also has construction work in progress in New Madrid, Mo., where 10 miles of gravel road construction is still to be done. There have been delays in beginning the work there this spring because of the high water.

CAMPAIGN FOR CARE AT R. R. CROSSINGS

Railroads Begin Campaign to Prevent Fatalities at Grade Crossings—Posters Being Placed.

Illinois railroads are inaugurating a campaign thruout the state to lessen fatalities at grade crossings. Yesterday a representative of the C. P. St. L. was in the city putting up these posters.

The poster used this year shows an automobile and a train about to crash at a grade crossing. It would seem that any autoist seeing the poster would carry the scene in mind for all time.

In recent months there have been many accidents at railroad crossings and officials of the various systems feel that some drastic effort must be made to prevent loss of life. On Thursday the dispatches carried stories of seven deaths in this section by automobiles being struck by trains at grade crossings.

Coming Monday, Tuesday, Wednesday, Thursday and Friday, "FOOLISH WIVES." Do not be misled by similar titles. First time shown in the city

NOTICE
To My Patrons
—on—
"Foolish Wives"

Today I make one of the most important announcements I have ever made during my career in this city.

I am proud and happy to announce that I will have the pleasure of being the first manager to offer in Jacksonville the first Million Dollar Picture ever made.

I have just concluded negotiations with Barney Rosenthal of The Universal Film Manufacturing Company, whereby I have secured the sensational and stupendous production, "FOOLISH WIVES", just completed at the cost of over a million dollars and which I will offer to my patrons at

SCOTT'S THEATRE
Starting Next Monday

This wonderful picture "FOOLISH WIVES," presented on Broadway in New York at $2.00 prices for an indefinite run, and at three of the leading theatres in St. Louis, proved the sensation of the motion picture world. Nothing like it has ever been shown before. Nothing like it has ever been made before. It is a story of modern foolish wives who become fascinated through the intrigues of designing villains.

It cost more than a million dollars, was 24 months in the making, has a cast of 15,000 and you will see the most beautiful gowned women ever revealed on the screen. Eric von Stroheim, the man who claims to understand women and proves it in this wonderful masterpiece, wrote the story, directed it and plays the chief male role himself, while Miss Du Pont, the most beautiful golden-haired actress in movies, is the feminine star.

This picture, "FOOLISH WIVES," is a marvel. It will be a sensation here as it has been elsewhere. Nevertheless, prices will be but 50c top for adults and 25c for children. See daily papers for further announcements.

Starts Monday.

Do your feet give out in the afternoon?

PROBABLY there is nothing the matter with your feet, but soon after you put on your shoes, they begin to tire. Why? Nature planned the foot to have *three* points of contact with the ground — heel, ball and outside *arch*. But in raising the heel from the ground, the arch is left without a firm support. Your weight bearing down on the *unsupported* arch strains it.

ARCH PRESERVER SHOE "KEEPS THE FOOT WELL" REG. U.S. PAT. OFF.

The Arch Preserver Shoe raises the heel and arch from the ground, thus giving the foot the stylish appearance you desire; but *unlike* shoes with *bending* arches, it has a concealed built-in arch-bridge that *supports* the arch. Though shod in the latest fashion, your feet are free from strain all through the longest, hardest, day when you wear Arch Preserver Shoes.

Nature plans that the foot rest on heel, ball and outside *arch*. Civilization demands that heel and arch be *raised*. The Arch Preserver Shoe satisfies *both* Nature and Civilization.

MISS MARY YOUNG WEDS ROY SANDBERG

Well Known Young Couple Are United in Marriage Thursday—Will Reside in This City.

At a beautiful and impressive ceremony, solemnized last evening at the home of Mr. and Mrs. M. C. Young on South Main street, their daughter Miss Mary Young became the bride of Roy Sandberg of Jacksonville. The wedding was solemnized at six thirty o'clock and was attended by about twenty four guests, including only the intimate friends and relatives of the young couple. Reverend G. W. Randle, pastor of the Brooklyn church read the ceremony and the lovely ring service was used.

Before the ceremony Miss Louise Robinson played the Lohengrin Wedding march. The marriage rites were said in the living room that had been made lovely for the occasion with roses and garden flowers. The rest of the house, decorated with a quantity of beautiful flowers, carried out a color scheme of pink and white. The bride was attended by her sister, Miss Ruby Young and Harold Sandberg, a brother of the groom acted as best man.

Miss Young was most attractively and simply gowned in grey and blue tafetta and carried a bouquet of Ophelia roses. The brides maid's frock was of blue crepe and she carried Columbia roses.

At the close of the ceremony a delicious wedding dinner was served in the dining room where pink roses carried out the color scheme. The guests numbered about twenty-five and a most attractive four course dinner menu was served.

The bride is well known in Jacksonville and is the daughter of Mr. and Mrs. M. C. Young of 1200 South Main street. She lived in Winchester until a number of years ago when she came to Jacksonville with her family to make her home. Mrs. Sandberg is employed at Rabjohn' and Ried's store and her attractive and always cheerful manner has made her popular with a large circle of friends.

Mr. Sandberg is the son of Mr. and Mrs. C. A. Sandberg of 225 Pennsylvania avenue. He has always made Jacksonville his home and attended the local schools. For the past year he has been with the American Railway Express company and is accounted one of the successful and upright young men of the city. The young couple will receive the best wishes of a host of friends. They plan to make their home in Jacksonville.

WOODSON SOCIETY MEETS THURSDAY

Missionary Society of Christian Church In Regular Session—Other Woodson News Notes.

Woodson, June 1.—The Missionary Society of the Woodson church held a regular meeting Thursday afternoon at the country home of Mrs. Jesse Henry near Woodson. There was a large attendance of the members and a number of guests were also present. The leader of the afternoon was Mrs. J. T. Self and the topic was "Christian Unity."

An interesting feature of the program was a talk by Mrs. H. M. Grandle of Pittsburg, Kans., who is a guest of relatives in Woodson. Mrs. Grandle is the wife of a prominent physician in Pittsburg and is an active worker in the Christian church of her home city. She told of the work under the leadership of the pastor, Rev. J. H. O. Smith. Pittsburg is in a mining district and the church has carried on extensive missionary work among the foreigners employed in the mines. The church has a membership of between 3,000 and 4,000 and is one of the most influential in that part of the state.

Mr. and Mrs. Earl Fuller and daughter of Kansas City were among the visitors at th meeting. The program was followed by a social hour and the serving of delicious refreshments.

Address Postponed.

It was announced recently that Col. O. C. Smith, managing officer of the School for the Deaf at Jacksonville would make an address at the Christian church Friday evening. The fact that Col. Smith will be unable to be in Woodson at that time necessitated the postponement of the meeting.

It Takes Quality to Make Quality

Haphazard methods of production will not produce fine clothes.

The extraordinary merit of our L. System Clothes is due to the fact that the organization which makes them is geared for quality in every department of production.

Nothing is left to chance. From the selecting of the woolens, to the draughting of the models, from the cutting of each garment singly, to the patient, painstaking hand workmanship wherever it adds to service or to style, every step in the making of an L. System garment is a step upward and forward in the direction of quality.

STATE TREASURER ON STAND IN SMALL TRIAL AT WAUKEGAN

(Continued from Page One)

item referred to there had not been checked because I had not seen the securities or the certificates. Mr. Sterling replied that the securities were in Chicago for safe keeping and that the custodian of such securities was Mr. Small and that if I would see the governor he would turn over those securities to me."

Governor Brought Securities

Mr. Miller testified he saw the governor a day or two later and asked for the securities and that Mr. Small offered to turn them over either at Chicago or Springfield. It was agreed that the governor should go to Chicago and get the papers and take them to the capital. Accordingly, he testified, the treasurer's office was kept open in the afternoon of the following Saturday after receipt of word that the governor would arrive at 3 o'clock. Mr. Miller and assistant Treasurer Leuhrs met the governor and Vernon S. Curtis and drove to the governor's office at the capitol.

"We went in the governor's office and the governor said they had the securities ready to deliver to me. I believe he carried them in his pocket and he took them out and said: 'here they are.'

"I opened the envelope and started to check over what I found were notes, notes of Armour & Co., and Swift & Co."

"Do you remember the aggregate amount of the notes of Armour Co?'

"Yes sir, the aggregate amount of notes of Armour & Co., was $5,500,000 and Swift & Co, $4,400,000. That made a total of $9,900,000 and I turned to the governor and said: 'there is $100,000 short.' My recollection is the governor turned to Curtis and said: 'Verne, I don't recall the security mentioned, but he mentioned it was too bulky to bring down and he said 'you will have to give him something else to cover that $100,000.'

"Then they held a conversation to which I was not a party and it resolved itself down to where the governor loaned Mr. Curtis some other securities and they turned them over to me."

GREAT BRITAIN IS MINING LOTS OF COAL

London—By the A. P.—While America is experiencing a coal strike, Great Britain is making records in coal production.

For the week ended April 29 Great Britain's coal output, according to the Board of Trade Journal, was 5,160,000 tons, the largest output in any week since the end of the British coal strike in July. Coal prices range between 30 and 60 shillings a ton, according to the grade. Best coal is two shillings a hundredweight delivered.

There have been two reductions of two shillings six pence a ton during the last few weeks.

HORSE RACING IS RESUMED IN MOSCOW

Moscow.—By the A. P.—For the first time in five years, horse racing has been resumed in Moscow. The opening meet was attended by a huge crowd despite the entrance fee being 1,000,000 rubles. The women present were clothed in the latest fashions and the new bourgeoise rivalled the Soviet aristocrats in the art of spending money. Much business was done at the totalisator, bets being transacted in almost astronomical figures.

P. J. Woulfe of near Davis Switch called in town yesterday. He says his immediate neighborhood is much in need of rain, tracts both north and south of them have been treated to abundant showers.

Mr. and Mrs. Clarence Rice of the vicinity of Arnold visited city people yesterday.

T. P. Landon of Murrayille had business in the city yesterday.

Michael Riley was in the city from Buckhorn yesterday.

CLUBS AND SOCIETY

Boys' Clum Meets.

The Boys' Club of Central Christian church met yesterday afternoon at Nichols Park. This was the second regular meeting of the club for this year and the boys went out to the park early in the afternoon and spent the time with various kinds of sports. Supper was served at six o'clock and every one had a fine time. Reverend M. L. Pontius is the guardian of the club and a number of the fathers of the boys attended the meeting and are much interested in the organization.

Standard Bearers Met With Miss Sargent.

The Standard Bearers Society of the Brooklyn M. E. church met last evening with Beatrice Sargent 1361 South East street at 7:30 o'clock. The lesson topic was "Service Stars" and the following program was given, with Miss Louise Goheen as devotional leader:

Song.

Study for the afternoon was led by the Rev. Mr. Bracewell the subject being, "What the World needs and What is Required of us."
Select Reading—Miss Edna Bracewell.
Vocal, Sunbeams—Anna May Rice.
Piano Solo—Ross Bracewell.

A social hour followed the program and the hostess served attractive refreshments. The hostess was assisted by Mrs. W. T. Ranson, Mrs. C. E. Robinson and Mrs. Bracewell at the parsonage.

Bridge Club Entertained.

Mrs. Vincent Lavery entertained the members of her bridge club Thursday afternoon at her home on Grove street. An elaborate luncheon was served and then several hours were very delightfully spent at bridge.

Girl Scouts of I. S. D. Entertained

House mothers and Girl Scout captains at the Illinois School for the Deaf entertained about 104 of the girls of the institution yesterday evening at a marshmallow roast at Ashelby's pond. Four fires were kept going and a jolly good time was had by all.

Gave Stag Party

Col. O. C. Smith of the Illinois School for the Deaf gave a stag party last evening for the three boys who are graduating with the class of '22. Coach Burns and Mr. Brasel, the boys' supervisor, were additional guests. Col. Smith gave a very helpful and interesting talk to the boys, such as their parents would give to them on the eve of their entering into the fuller sphere of life. A jolly good time was enjoyed by all.

Entertain for Miss Miller.

Mrs. W. O. Wait was the hostess at a charming afternoon bridge party given yesterday at her home on Westminister street in honor of Miss Willella Miller who is to be a June bride. The guest list included Miss Miller's friends and seven tables of cards were made up. The hours were enjoyably spent in playing and late in the afternoon the hostess served an attractive luncheon. Roses and spring garden flowers were used in lovely house decorations for the function.

Loyal Woman Banquet at Christian Church.

More than a hundred women were preesnt at the banquet given last evening at Central Christian church by the members of the Loyal Woman's Class. The banquet was given in honor of the new members that joined the class during the membership contest which was held from January until April. It had been first planned that the losing side should entertain the winners but as there was about thirty-five new members added to the roll during this time it was decided to have the banquet in their honor.

The banquet was served at six o'clock in the church dining room. After the serving of an excellent menu a program of toasts and music was given. Miss Eleanor Thompson, teacher of the class acted as toastmistress and the following responded to toasts: Mrs. W. O. Swales, captain of the Reds, the winning side in the contest, Mrs. Ralph Crabtree, Mrs. Charles Wolk and Mrs. Glen Large, captain of the losing side, of the Blues. Mrs. Ben Roodhouse gave a group of readings and Miss Edna Sheppard who was a special guest played a number of piano selections.

Rev. M. L. Pontius and Ben Roodhouse, superintendent of the Sunday School were special guests at the banquet. Mrs. Edgar Ray, president of the class was in charge of the general arrangement for the affair.

Agora Society Gives Open Meeting for Honorary Members.

The Agora Society of the Illinois College held an open meeting yesterday afternoon at the home of Miss Anne McCormick on Grove street. The affair was given for the honorary members of the society and there were about 20 of these guests present. The program of the afternoon was on the subject of "Amatour Dramatics," and as the first number Miss Mabel Ruyle gave a reading of Booth Tarkington's little play "The Parrott. Miss Mary Cummings read a paper on the subject of "Public Opinion and the Stage" and Miss Winifred Butcher gave "Hints and Helps for Amateur Dramatics."

Following the program a social hour was enjoyed and attractive refreshments were served. Miss Winifred Butcher had charge of the pragram for the afternoon and the social committee was composed of Miss Mary Louise Frye, Miss Grace Hopper and Miss Catherine Wingera. Miss Hazel McCormick, who has just come back from a year's teaching at Flora, Illinois, was a special guest at the affair.

Dinner Party at Colonial Inn.

Miss Anne Fowler, secretary of the Social Service League, was hostess at a dinner party given last evening at the Colonial Inn. The affair was in honor of Miss Mary Collins, who is soon to leave for New York after a year's service with the league here, and Miss Mable Cutler, who is to succeed Miss Collins here. The guest list included a limited number of young people and the affair was a very pleasant one socially.

I. C. Seniors Are Entertained.

Members of the Senior class at Illinois College were entertained Thursday eening at the home of Mr. and Mrs. J. Frank Strawn, 1209 West State street. Their daughter, Miss Frances Strawn, is a member of the class.

Following the serving of a picnic supper several hours were spent with games and dancing. Other guests present were President and Mrs. C. H. Rammelkamp, Dean and Mrs. G. H. Scott, Professor Isabel Smith, Miss Adelle McQuiston, Coach W. T. Harmon and W. G. Guild.

Miss Joyce Estaque Hostess At Surprise Party Thursday.

Miss Joyce Estaque was hostes at a surprise party given at her home, 220 East College avenue Thursday evening in honor of Miss Fern Haigh who leaves Saturday for California for an extended visit. The company included only intimate friends of the guest of honor. The evening was spent in a pleasant manner with games. There also were readings and several musical numbers. Miss Haigh was the recipient of an address book in which were written the names and addresses of the company. The Estaque home was tastefully decorated for the occasion with spring flowers. During the evening the hostess served delicious refreshments.

CCNTINUANCE GRANTED IN ZACHARY CASE

Trial Delayed on Account of Illness of John M. Butler—Orders Made in a Number of Cases.

In the circuit court yesterday Judge F. W. Burton granted the motion for a continuance in the case of Samuel T. Zachary, charged with the murder of Luther Crawford. Judge Burton indicated that he was granting the motion because of the illness of John M. Butler, one of the attorneys for the defense.

Mr. Hairgrove in presenting argument asking for a continuance emphasized the fact that Mr. Butler has been associated in the case from the beginning and because of his absence in a hospital in Kirksville could not take part in the trial at this time.

State's Attorney Robinson said that he considered it no discourtesy to Mr. Butler to urge that the trial should be had at this time. He said that the alleged crime was committed months ago and that in his opinion the people were entitled to have the case tried.

Judge Burton after considering the statement of Mr. Hairgrove and a letter from Mr. Butler, decided that in fairness a continuance to another term should be allowed.

Docket Entries

In the assumpsit suit of Ray Hogan vs. Roy Goodrick, the cause was dismissed by the plaintiff at his cost.

In the assumpsit suit of Gladys R. Masters vs. M. F. Dunlap, a demurrer to the additional count was sustained. Judgment was entered that the plaintiff receive nothing and pay costs. The plaintiff then asked an appeal to the appellate court, which was allowed.

The assumpsit suit of J. C. Davis, director general of railroads, against J. W. Baptist & Co., was begun before a jury. This was a case involving a dispute over the collection of freight charges. After the evidence had been heard in part the jurors were withdrawn on motion of the plaintiff and the cause was dismissed at the cost of the plaintiff.

In the assumpsit suit of Adkins Bros. vs. the C. & A., demurrer was confessed and declaration was amended.

In the divorce suit of Joseph Johnson vs. Irene Johnson, the decree was rendered and the custody of the children given the complainant and the cause stricken.

In the partition suit of Louise Capps et al. vs. W. A. Bancroft, the master's report of sale was filed and approved.

In the divorce suit of Ruby Duncan vs. Arthur Duncan, the decree was rendered and approved and the cause stricken.

In the partition suit of Nina Lumley vs. Elba P. Lumley, the former order of reference and default was set aside and leave given to amend the bill. The cause was then again referred to the master.

The suit of Ella H. Browning vs. Farmers State Bank & Trust Co. was continued.

L. F. Harsha of Springfield called on Jacksonville people yesterday.

Alexander Lovell of Murrayille isited the county seat yesterday.

SCOTT COUNTY MAN MET INSTANT DEATH

George B. Wills Struck by Train in Alsey Thursday Afternoon and Dies Few Moments Later—Other Items From Winchester and Scott County.

Winchester, June 1.—The entire community was shocked Thursday afternoon by news of the death of George B. Wills, a prominent resident of the Alsey neighborhood. The buggy in which Mr. Wills was driving was struck by a special engine on the C. B. & Q. railroad at about 1:30 o'clock Thursday afternoon and he was so seriously injured that he died almost instantly.

The accident happened as Mr. Wills was attempting to cross the railroad tracks in Alsey. The engine struck the horse and the animal was killed instantly. Mr. Wills and the buggy were thrown a distance of 160 feet and the injured man passed away before he could be taken to his home.

Mrs. Wills was in Winchester at the time of the fatal accident and following the receipt of the message was taken to her home in Alsey.

Coronor Thomas Webster was summoned and empanelled a jury but the inquest will not be held until Friday morning, owing to the non-arrival of the train men.

The deceased was one of the best known residents of Scott county, having passed practically all his life in the Alsey neighborhood. He had numerous relatives and friends in Winchester and in other parts of the county and was held in the highest esteem by all who knew him. His death means a great loss to the community in which he lived as he had for years maintained an active interest in its welfare and was always a leader in movements for its betterment.

Oration — "Don't die on was connected with the elevator at Alsey. He was a member of the Modern Woodmen lodge and had for a long period been a worker in the Baptist church and Sunday school. At the time of his death he was superintendent of the Sunday school and had served for some years as superintendent of the Scott County Sunday Schools.

Surviving are the widow and two small grandchildren at home; also one daughter, Mrs. O'Reilley of Beardstown. He leaves also one brother, R. M. Wills of Winchester and a number of other relatives.

The funeral will be held Sunday, the time and place to be announced later.

McClure Funeral Held.

The funeral of the late Thomas McClure was held at the Christian church at 2:30 o'clock Wednesday afternoon. The services were attended by a large number of relatives and neighbors of the deecased, who had for years resided west of Winchester.

The services were in charge of Rev. Mr. Elmore and music for the occasion was furnished by the church choir. A solo of an especially appropriate kind was rendered by Mrs. Gertrude Demereth.

The flowers were in charge of Misses Emma Hamilton, Anna Roper, June Evans, Viola Norman, Elsie and Lida Evans.

Interment was made in Winchester cemetery, the pall bearers being, Robert, James, Charles, Harlan and Grant Evans and Tim Hester.

Eighth Grade Commencement.

The eighth grade commencement was held Thursday evening in the Methodist church, the auditorium and gallery being filled with patrons of the school and the relatives and friends of the young people. The program was as follows:

Group of songs (a) "Out of the Deep" (Lohr); (b) "A May Song" (Daviea)—the class.
Oration — "Don' Die on Third"—Raymond Ryan.
Class Will—Florence Kuck.
Selection—Orchestra.
Oration,—"The Duty of Intelligence"—Albert LaMaster.
Chorus—"Merry June" (Vincent)—the class.
Instrumental solos— "The Unspoken Word" (Lockwood Moore) "Cuban Bells" (Henri Godard)—Annabel Moore.
Violin solo — "Mazurka" (Bemuth)—Robert Hainsfurther. Accompanist, Miss Annabel Moore.
Chorus,—"Sea King's Bride" (Lessie)—the class.
Presentation of diplomas—Mrs. J. C. Grout, president school board

The church was artistically decorated in the class colors of green and white and the girls were very handsomely dressed in white middies with green ties.

Other News Notes.

Misses Sophronia Kent, Lena Hopper, Winnie Wackerle, Harriet Seibert, Helen Cafky, Agnes Paxton and Alice Green of Jacksonville were guests at 6 o'clock dinner Thursday evening at the home of Mr. and Mrs. Fritz Haskell. A delightful menu was served and the occasion was a very pleasant one for all preesnt.

Miss Opal Taylor, Misses Ruth and Blanche Bailey of Jacksonville, who have been visitors in Winchester for several days past, have returned to their homes.

Robert Hankins and family of Decatur and Jesse Hankins and family of Jacksonville attended the funeral of Thomas McClure here on Wednesday.

James Teague of Carlinville is visiting his sister Mrs. George Jefferson and family.

J. H. McCARTNEY DIED IN CALIFORNIA

Deceased Long Resident In Oklahoma City Spent the Earlier Years of His Life In Jacksonville.

The Johnson County Democrat of Olathe, Kansas, recently published a notice of the death of the death of J. H. McCartney, many years ago a resident of this city. Mr. McCartney was a brother of Mrs. L. W. Chambers and Mrs. Agnes Griffith and of Mrs. R. E. Stevenson, now living in Olathe.

The facts given in the Olathe paper are as follows:

"Word was received recently of the death at Long Beach, Cal., of J. H. McCartney, familiary known to the old settlers here and to his many friends as 'Jim' McCartney.

"Mr. McCartney was a brother of Mrs. R. E. Stevenson of Olathe, and for several years made his home with his sister here. He was, at that time, in the lumber business in Olathe and was the original owner and builder of the Hodes lumber yard of today.

"Later he took up a ranch at Colony, Kansas, and following that, moved to Oklahoma City, being one of the number who 'made the run' at the time of the opening of the 'strip'—then the Indian Territory.

"For over thirty years he remained in Oklahoma City, where he was a prominent citizen, and where he watched the city grow from a wilderness to its present prosperity.

"Eighteen months ago Mr. and Mrs. McCartney moved to California in the hope that a change of climate would be of benefit to him.

"J. H. McCartney was born in Belmont county, Ohio, received his education and grew to manhood in Jacksonville, Ill., whither the family had moved when he was but a child.

"Burial was made at Long Beach, Calif. Their many friends in Olathe extend sympathy to his wife and to his sister, Mrs. Stevenson, and to other members of the family.

"To those of the early days, the name of 'Jim' McCartney brings back the memory of one whose happy laugh and jovial manner made friends for him not only here—but everywhere."

I. W. C. CLASS OF '08 PLANNING REUNION

It is expected that an unusually large number of alumnae and former students will be present this year at the commencement season at Illinois Woman's College. Miss Edith Conley, '08 of Newport, Indiana, has written that her class is planning for a reunion this year and some twelve or fifteen members expect to be here. The class officer, Miss DeEtte Rolfe, of Champaign, will also be in attendance.

The college especially hopes that all resident alumnae and former students will make an effort to attend the various events of the commencement time, particularly the baccalaureate and commencement exercises. The Candle Lighting Service, the beautiful new college custom, which will be inaugurated at the alumnae reunion on Monday evening, is arousing much interest and many who cannot be present are planning to observe the custom in their homes by burning the yellow and blue candles at the evening meal.

James Lonergan of Murrayville was a caller on town folks yesterday.

NURSES GRADUATE AT PASSAVANT HOSPITAL

Class of 1922 of Training School Receive Diplomas—Interesting Prog am Carried Out at Congregational Church.

A fine audience assembled at Congregational church last evening for the graduating exercises of the training school for nurses of Passavant hospital. The church was beautifully decorated with flowers and house plants and presented a very attractive appearance. A. A. Curry, president of the board of trustees, presided and announced an organ prelude by Mrs. G. E. Stickney who rendered the selection with marked ability.

Prayer was offered by Rev. G. E. Stickney, after which Mr. Curry greeted the audience with a few well chosen remarks. He told in a vivid manner of the work done by the institution and the benefit it had been to suffering humanity. He expressed great pleasure over the fact that more and more persons both in city and adjoining communities were becoming interested in the work of the institution, who paid a just and glowing tribute to the officials who had so well carried forward the work of both of caring for the sick and afflicted and ably training young ladies or their life work.

He urged the community to increase its interest in the institution and especially emphasized the fact that the whole was a labor of love. No one connected with the administration receives any compensation whatever. He dwelt upon the improved facilities of the hospital, its fine building and equipment which he trusts will be improved from time to time. With pardonable pride he referred to the excellent work done by the efficient corps of nurses, their high standing in the estimation of the community and the great gratitude felt by those who had received care there.

Miss Eloise Capps then favored the audience with a fine violin solo, well rendered, after which the principal address of the evening was delivered by the Rev. W. H. Marbach.

A few thoughts only of the address are offered:

While the world smiles and seems indifferent there are many who are suffering with sickness and want, and it is our duty and pleasure as followers of the Master to do all we can to relieve them.

At the pool of Bethesda no one cared for the poor man who had lain there so long with no one to put him in the water. Selfishly they only thot of their own,, and no one cared for him, until the Master came and he was made whole.

The professional nurse is to be congratulated upon her work. It is beautiful to serve the sick and the afflicted. The ministry of healing is one of the noblest callings of mankind. If I' may coin the world, we should undertake this work self-less-ly. There are many who are ignorant and fail to appreciate their duty as to what may be done. The Savior had compassion upon the impotent man and so should we upon all who are suffering. We cannot all expect appreciation for what we do. The impotent man didn't even know who had healed him. When ten lepers were healed but one returned to give thanks.

Jesus had helpfulness ready always to alleviate the sufferings of others.

Cheerfulness is another Christ-like strait and will do great things in restoring the sick.

Do not be pessimistic but study the example of the great Minister of Mercy and Love and immitate Him in all your lives.

Mrs. A. R. Gregory then, in her usual highly finished and artistic manner, sang a group of three songs.

"Daybreak," by Ronald.
"Windsong," by Rogers.
"Nightsong," by Ronald.

Dr. H. C. Woltman, dean of the training school spoke briefly: I wish all might know the status of this training school. During the twenty years of its existence it has sent out a hundred graduates to be a blessing to mankind. Today the medical profession could scarcely do without them. Time was when people were unwilling to take a patient to the hospital while now they are glad to do so, especially a typhoid case.

During the great world war twenty-two of our nurses served in the army, and the labor was not very attractive. Many diseases are due to causes but recently discovered and the professional nurse may do much to ward them off. The nurse represents the highest achievement in service. We need more nurses, and the number of applicants is increasing.

Graduating class, we greet you. You have served faithfully and finished your course and with pride and pleasure I present to you, Mr. President, the Class of '22, now prepared to receive diplomas as follows:

Miss Nannie Jackson, Winchester, Ill.

Miss Maude Robinson, Sinclair, Ill.

Miss Nina Pond, Meredosia, Ill.

Mr. Curry as president of the board of trustees and Miss S. Hoslins, superintendent of nurses, presented the diplomas. Following this Miss Ida B. Vannier, general superintendent of the hospital administered to each the Nightingale oath.

Prayer by the Rev. T. H. Tull closed the evening's exercises.

PARK BOARD HELD REGULAR MEETING

My Erect Rest Room for Golf Players—Plans Soon Ready for Swimming Pool.

The Park board met in regular session last evening at the Chamber of Commerce rooms with all present.

A request from the Golf association for permission to erect a rest room building was presented and the board decided that the association should prepare the plans and specifications of the desired structure, present it to the board for its approval and go with the members of the board to decide upon the location of the same.

It was ordered that no person whatever under any circumstances shall be permitted to sell any kind of golf material or supplies on the park grounds.

The chair reported that he had seen the Caldwell Engineering company and endeavored to ascertain when the plans and specifications for the new swimming pool will be ready and was informed that work would be pushed on them as rapidly as possible with probability of being ready within a week or two.

Superintendent Hopper is constructing south of the pavilion a lily pond which will be a great addition to the attractions of the park and progress on the same was reported as satisfactory.

A petition for the erection by private persons of a boat house was presented and another for a small club house, both on Mauvaisterre park. Regarding the same legal advice has been taken and it was deemed entirely impractical to grant either request as the board was informed it would be unlawful to permit any kind of a structure exclusively owned and used by any parties upon the park property.

The board is seriously considering the erection at a desirable location of a boathouse with ten slips which may be rented to owners of boats used on the lake and hopes in that manner to satisfy as far as possible the desires of the public, as that is about all that can be done legally.

Complaint has been made regarding the rules of the present swimming pool, some of the costumes used and other matters. It was decided to have pictures made of the kind of suits admissable and have them hung in a conspicuons place that all may see them and be governed accordingly. The board also considered complaints made of certain rules governing the pool, and took the matter under advisement.

The superintendent will be instructed to arrange for suitable parking facilities along the beach north of the bathing house that more cars may be accommodated.

CHILD RECEIVES FRACTURED LEG

Beatrice Nichols, three years old daughter of Mr. and Mrs. Charles Nichols, 472 South Main street, received a fracture of the right leg above the ankle early Thursday evening when she was struck by an automobile driven by John Johnson of 1232 South Main street.

The child was being taken across the street by an older girl when the car approached. The girl became panic stricken and ran leaving the little one in the street. Owing to the fact that there were no lights burning in the residence district at the time, Mr. Johnson did not see the child until he was right upon it.

He stopped his car and gave what assistance he could and the baby was taken to Our Savior's hospital. Examination revealed a fracture of the right leg which was given attention. The child also suffered painful bruises.

WHITE HALL MAN MAKES WEATHER REPORT

White Hall, June 1. — The monthly report of R. B. Pearce, co-operative observer of the weather bureau, shows total rainfall for May to be 2:58 inches, practically an inch less than normal, indicating that even in the matter of weather normal conditions are apparent. The mean temperature was 13.6 degrees higher than normal, the mean maximum being 78 and the mean minimum 56 degrees. The highest reading was 87 on the 11th, and the lowest 46 on the 15th, 17th and 20th.

The greatest precipitation in 24 hours was 0:46 inch on the 25th. There were twelve days with precipitation of 0.01 inch or more, 6 clear, 18 partly cloudy and 7 cloudy days. Thunder storms occurred on the 12th, 16th, 24th and 26th. Lightning killed some cattle at Barrow during the month and there was some storm damage at Greenfield on the 10th, but no damage occurred in the immediate vicinity.

A visitation of buffalo gnats was a prominent feature from the 12th to the 23rd, and they began to recede on the latter date. They worked terrible hardship on live stock, killing chickens and ducks in considerable numbers, and medical attention is said to have been required by some people bitten by them.

All vegetation is in good condition, and farm work is making good progress. Wheat cutting will be in progress by the 20th of June.

DEATHS

Withrow.

Phillip B. Withrow passed away at the home of his daughter, Mrs. L. L. Ticknor, 468 South Main street at 5:15 o'clock Thursday afternoon, after an illness of three years' duration. He was bedfast for five weeks previous to his death.

Mr. Withrow was born August 18, 1846, in Hamilton county, Ill. His mother died during his infancy and his father brought him to Beardstown and later to Schuyler county, where he grew to manhood. He enlisted in the Union army in May, 1864 with Company K, 137th regiment, infantry, Illinois Volunteers, serving his entire term of enlistment. He was honorably discharged and in addition received a special discharged signed by President Lincoln and Secretary of War Stanton.

April 28, 1870, he was united in marriage to Miss Mary E. Boss of Versailles. To this union six children were born, four of whom together with the widow survive. They are: Mrs. L. L. Ticknor, of this city, with whom he made his home; Mrs. G. I. Barnes, New Orleans, La.; Samuel Withrow, Bristol, Okla., and Homer J. Withrow, of Donipan, Missouri, who was here at the time of his death. He also leaves the following half brothers and sisters: Charles Withrow, Texas, Mrs. Nora Davis, Versailles, and Mrs. M. D. Turner, Semnes, Ala.

Mr. Withrow was a farmer until ill-health caused him to cease his labors. He was converted and united with the Baptist church in 1872 and lived a devoted Christian life, his faith never wavering even in his three years of suffering and gradual decline. He was very generous in his support of every good cause and always ready to aid his neighbors and the needy. He lived the life of a true and devoted follower of his Lord and Master.

The body was removed to the undertaking parlors of Arthur G. Cody and prepared for burial.

Funeral services will be held at the undertaking parlors Saturday morning at 10:30 o'clock, Rev. G. T. Wetzel officiating.

Very beautiful film, "A Modern Ruth," Westminster Sunday.

BALLOON FLIES OVER CITY

One of the balloons which left Milwaukee, Wis., Wednesday was seen by people four miles northwest of Jacksonville yesterday morning about 6:30 o'clock. The balloon came from the northwest, flying very low over the barn of C. E. Clampit. All of a sudden it took the breeze and flew directly west, rising higher and higher.

Miss Sallie Stacy has gone to Cleveland, Ohio, where she expects to make an extended stay.

KIWANIS CLUB MEN GUESTS OF DR. HILL

Entertained at Luncheon Thursday—Following the Program Members Inspected Departmental Work.

Members of the Kiwanis club were guests of Dr. E. L. Hill, managing officer of Jacksonville State hospital, at luncheon yesterday. The tables were arranged in Amusement hall and a splendid luncheon was served. At the same time a program of vaudeville and music was staged, making up a very enjoyable entertainment. At the close of this program Miss Helen McMicken, who is a guest of Mr. and Mrs. E. S. Sovern, sang two selections. Miss McMicken is an accomplished vocalist and was recently a student at Boston Conservatory of Music.

The table decorations were in the colors of the Kiwanis club and a number of emblems had been fashioned by hospital patients and were used for decorative purposes. A printed program and menu was at each place and served as a souvenir of the occasion, as did the paper cap presented each club member.

Before returning to the business district the Kiwanians inspected the various departments of work and were greatly interested in learning about the development in occupational and vocational training. The program was as follows:

Oveture—State Hospital Orchestra.
Opening Chorus—"Ain't You Coming Out, Melinda?"
Novelty Act—Thomas Hough.
Girl Impersonation—Edward McLin
Readings—Mr. Ziegler.
Solos—Edgar Driesselman.
Sidewalk Patter—Moore and Powell.
Quartette—Withie, Hough, Moore and Driesselman.
Closing Chorus—"Ain't Love Grand"
Music—State Hospital Orchestra.

Visitation of Occupational Theraupy Departments.

Habit Training and Kindergarten Classes.

Vocational Training Department for ex-soldiers.

Industrial Building, including Vocational Training Department of Weaving, Chair Caning, Fibre Work, Shoe Repairing and Chair Making.

Men's Tailoring Department.

Ladies' Tailoring.

OBITUARY.

After an illness of a short duration George A. Leonhard, well known and highly respected in this community, passed quietly away at his home in Meredosia Sunday morning, May 28. His age at death was 76 years, 4 months and 16 days.

George Adam, son of Valentine and Elizabeth Leonhard was born June 12, 1846 near Arenzville, Cass County, Ill. Here he spent his early days.

He was united in marriage June 1, 1871 to Friederika Kunzeman. Ten children were born to this union of whom two preceded the father in death.

In 1879, or 43 years ago, he moved to organ county settling on a farm five miles east of Meredosia. He left the farm two years ago last August and has since lived in Meredosia.

From early youth the departed was devoted to the church. For many years he was a member of the German M. E church at Arenzville, later transferring his membership to the church of the same faith at Meredosia and when the church disbanded he united with St. John's Lutheran church of Meredosia. He was ever faithful to the church and to the great head of the church, Christ.

The departed was always robust in body and knew very little of sickness or pain, and in his last illness, tho he suffered intensely, yet it was not for many days. About 3 weeks ago he suffered an attack of heart trouble. Tho receiving the best of care, his disease finally overcame him and he passed peacefully away on Sunday morning.

In his departeure the home has lost a devoted husband, father and brother. He was always interested even in his last illness, in the welfare of his family. The church loses a faithful member and the community a good neighbor and helpful citizen.

But we rejoice in the hope that he has found that "better place" of which he often made mention in his last illness.

He leaves to mourn his departure from us the sorrowing widow; 6 daughters, Mrs. J. W. Mannes, Mrs. Charles Bonnett of Bluffs, Ill., Mrs. Wm. Weier and Mrs. Clyde McCallister of Meredosia; Miss Elsie Leonhard and Mrs. Henry Steamer of Springfield; two sons, Charles and Dave Leonhard of Meredosia; also four brothers, Hortenan Leonhard, of Oklahoma City; Michael Leonhard of Lawrence, Kansas, and Velentine and Henry of Meredosia.

HAD PART IN GOOD ROAD BUILDING

Among the great accomplishments which rightfully belong to the Chamber of Commerce during the first year of it's existence has been the securing of the hard road, under the State Bond Issue, from Springfield to Barry, Illinois. The committee in charge of this particular project have worked long hours, and have spent many days in Springfield, before matters rounded themselves out in such a way that the contracts were finally let.

This committee is composed of R. Y. Rowe, T. M. Tomlinson, W. E. Sullivan, John G. Berger, and Charles W. Strawn.

It has been a race to secure for Jacksonville and surounding community, our share of the State Bond Issue Road. Committees representing citizens and communities in Adams, Brown, Cass, and Sangamon Counties have been working and striving to put route thirty-one and route three across before our thirty-one was authorized.

Had the other committees been successful, Jacksonville would have suffered as a result in as much as the traffic toward the West would have been diverted on this hard road, thru Adams, Brown, Cass, and Sangamon Counties rather than thru Jacksonville.

At this time the race is still neck to neck, but thanks to the local committee and the Morgan County Commissioners, our portion of the State Bond Issue Road has been secured as far as our east and west road is concerned.

MISS LYNETTE BROWN TO RETURN HOME

Miss Lynette Brown who has been a student at Ward Belmont during the past year left Nashville, Tenn., last night. Which is Larger the Sun or a Cent

"Why—the sun of course" you will say. But remember—you can hold the cent so close to your eye that you lose sight of the sun.

Some baking powders can be bought for a few pennies less than Calumet — but don't hold these cents too close to your eyes—you will not be able to see the quality—the purity—the dependability of

CALUMET BAKING POWDER

In other words, don't be deceived by a few pennies — the cheapest baking powder in price is often the most expensive.

When you buy Calumet you know that it will produce pure, sweet, and wholesome bakings. You know that you use less because it contains more than the ordinary leavening strength.

Buy it—try it—be convinced.

A pound can of Calumet contains full 16 ounces. Some baking powders come in 12 ounce instead of 16 ounce cans. Be sure you get a pound when you want it.

Every Woman Needs IRON at Times

If women would only take Nuxated Iron when they feel weak, rundown, tired out—when they are pale, nervous and haggard—there are thousands who might readily build up their red corpuscles, become rosy cheeked, strong and healthy and be much more attractive in every way. When the iron goes from the blood of women, the healthy glow of youth leaves their skin and their charm and vivacity depart. A two weeks course of Nuxated Iron works wonders in many cases. Satisfaction guaranteed or money refunded. At all good druggists.

NUXATED IRON

SURE WAY TO GET RID OF BLACKHEADS

There is one simple, safe and sure way that never fails to get rid of blackheads and that is to dissolve them.

To do this get two ounces of calonite powder from any drug store—sprinkle a little on a hot, wet sponge—rub over the blackheads briskly—wash the parts and you will be surprised how the blackheads have disappeared. Big blackheads, little blackheads, no matter where they are, simply dissolve and disappear, leaving the parts without any mark whatever. Blackheads are simply a mixture of dust and dirt and secretions from the body that form in the pores of the skin—pinching and squeezing only cause irritation, make large pores, and do not get them out after they become hard. The calonite powder and the water simply dissolve the blackheads so they wash right out, leaving the pores free and clean and in their natural condition. Anybody troubled with these unsightly blemishes should certainly try this simple method.

Your Eyes are the Camera of Your Mind

Through them the brain is constantly picturing the scenes your eyes behold.

Are the pictures that are being transmitted to your mind clear and distinct? Do they sparkle with the Beauties of nature? Or do they appear hazy and indistinct? If this is the case your vision is not 100%. It is a warning that proper steps should be taken to make them right. Delays are dangerous, never beneficial.

THE GOOD OLD DAYS.

How many residents of Jacksonville can remember when the Wabash freight and passenger station were both in one building which stood where now is the commodious structure at the North Main street crossing, used for freight only? Time was when the greater part of the railroad business of the city was done there. For a good while the road maintained a switch engine here and the writer well remembers the old "Lawrence" with cylinders under the boiler with Ben Miller, engineer. The engine had seen its best days but still could wheze about the yards and do lots of work.

When the writer came here in 1864 E. S. Greenleaf was the agent and attended to his business with his well known skill and ability. He was not long after succeeded by Major McLain, a whole souled man, who was very popular. In time he gave way to Mr. Milleisen who in turn gave way to Major McLain again. The latter held the place for a time and then gave it up.

Time was, too, when some switching was done with a yoke of oxen which could pull a car at a time. Mr. Greenleaf moved to Neeleyville and had charge of the local mines there for a time and it was while he was engaged there that he married Miss Kate Greenleaf of St. Louis. At one time they gave a party and the young people of Jacksonville chartered a car which was to be attached to a local freight but the conductor didn't understand the orders and went off without his party. A wire was sent to Springfield asking permission for Ben Miller to take the "Lawrence" and pull us down to Neeleyville which was given and an eastern bound passenger train came along when the party was ready to go home and brought the car back.

In that party were Ed J. King manager, Joseph K. Combs, Anna Rawlings, Julia Reed, Edward David, Mattie Morse, the writer, and others. The indispensable Mr. Cady was along to play the violin and call the dances, for in those good old days the cotillion prevailed, and people really danced.

The present commodious passenger station was opened for business January 8th, 1868. The writer well remembers the date for he had had the immortal John B. Gough here to lecture for the benefit of Bethel A. M. E. church and started to the station with him the next morning to take a train for Springfield. He went to the old station but that day the new one was occupied and while the party were hastening to it the Springfield train was moving westward. The conductor saw the trouble and stopped the train. Mr. Milleisen was a popular agent. Once a man went to him complaining that so many boys were playing about the yards and attaching themselves to freight cars while being moved and demanded that the law against such acts be enforced.

Mr. Milleisen remembered the injunction and the next time he saw a boy riding unlawfully, had him arrested. The offender proved to be a son of the man who had made the complaint and he was furious, threatening Mr. Milleisen with all sorts of dire results if the lad wasn't released

Are You an Optimist?

We are all optimists. We lay our plans for this year, the next and so on. We "know" that next year will find us in better circumstances than the present. We are always looking ahead into a rosy-hued future—which few of us will ever see.

A man at 30 has only a 50-50 chance to live to be 65. And out of all who do live to be 65, only one out of about seven will be living on his savings. Every day families are being left destitute because the husband and father merely took it for granted that he would live long enough to amply provide for them.

Life insurance is the ONLY means by which a man in moderate circumstances can protect his family against want in case of his untimely death. You may not "believe" in insurance, or have dozens of reasons for not carrying adequate insurance, but remember, in the end, your family will pay for your belief—not you.

We Figure That This Is Good Business

Everybody we talk to about it agrees with us that it's good business:

To diagnose battery trouble as carefully as a doctor diagnoses his cases.

To advise and make repairs only when we know repairs will pay.

To recommend the purchase of a new battery only when repairs on the old one would not be a good investment.

To speak frankly, plainly, and with a thought of the best interests of the battery owner whether his is a Willard Battery or not.

NATURE LOVES BRIGHT COLORS.

We see the truth of this statement in the varicolored flowers the vivid sunsets, the birds of brilliant plumage. But we never see it exemplified more attractively than in the person of a splendidly healthy woman. How does nature paint this health Why, in the rosy cheeks, the transparent skin, the smooth red lips of such a woman. And she moulds it in firm flesh and rounded contours. The ailing woman is deficient in natural coloring, and she does not even appear to advantage in clothes that would set off her more attractive sister. Many women who long for glowing health will find that they too can have these charms if they will give a trial to that remedy which brings strength to frail women — Lydia E. Pinkham's Vegetable Compound. Advt.

ANCIENT ASSYRIAN SOMEWHAT OF LIAR

This Is Opinion of Prof. A. T. Olmstead of University of Illinois—Truth About Him Just Coming Out.

Urbana, Ill.,—(By The Associated Press.)—The ancient Assyrian, founder of the world's first imperial system, lied too much about his feats at arms and in so doing gave himself such a bad character that the truth is just now coming out, acording to Prof. A. T. Olmstead of the University of Illinois.

Prof. Olmstead, who is head of the middle western branch of the American Oriental Society, bases his new view of the Assyrian, popularly recalled as coming down like a wolf on the fold, in substantial measure on the dtscovery within the past year of the first Assyrian code of laws.

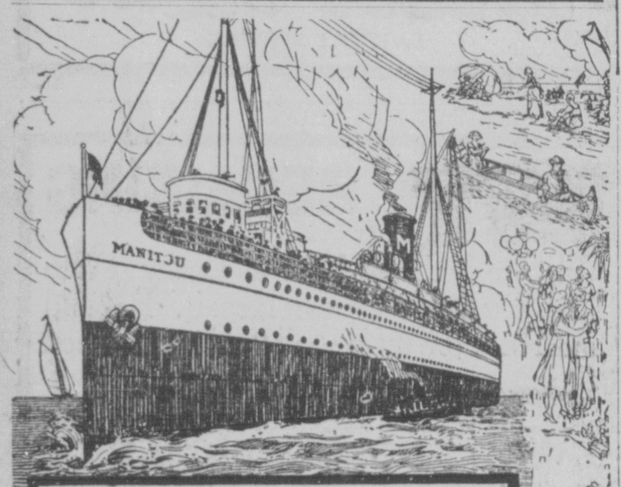

He points to one provision of this code as indicating the Assyrians were more humane than they are popularly fabled. This requires that the destitute widow be supported by her sons "as the bride whom one loves."

Instead of the Assyrians being wholly abject, their letters, he said, show high officials speaking their minds with the greatest plainness, the kings making pathetic appeals to those support they would win. Their imperial free cities were as free as those in western Europe in the middle ages, with charters of freedom from taxes, and trading r gus the four corners of the earth and to all tongues.

"The Assyrian temple or palace is a totally new type, with borrowings from Babylonia, from Egypt, from Syria, but it is a whole, not a patchwork of parts," Prof. Olmstead said. "In Babylon, we miss the bas-reliefs which clothe the walls of the Assyrian palace. These bas-reliefs give us the best as well as the worst of Assyria; if we have the scene of torture, we also have the birds in their nests, the fishermen waiting a bite on his lines, or investigating the contests of his lunch basket, the tender family scenes among the deported, the wonderful animal life. One need not the perhaps over enthusiastic statement of the art critic that here was the finest art before Phidas, to realize that Assyrian art is worth our consideration.

"The statement that the Assyrian was no man of literature is made in the face of the historical annals, with their wealth of imagery, even to purple patches, and we have nothing like it in Babylonia. There has been no systematic attempt to discover purely Assyrian productions in the libraries of Nineveh, but enough has been discovered to make the Assyrian genius certain."

ECONOMY IS NO LONGER KEYNOTE

Royalty Set Example in Curbing of Extravagance After the War.

LONDON—Economy is no longer to be the keynote of court functions at Buckingham Palace. No more "economy courts," as they were called, are to be held. These were established by their majesties after the war to set fashionable society a much needed example in curbing extravagance. The seal of royal approval has now again been bestowed on court trains. Indeed no women can be presented at court who does not wear them. Of course as a man the Lord Chamberlain cannot presume to be an expert on fashionable feminine dress, but it is one of his many official duties to lay down the rules and regulations to which women must conform at the most exalted of court functions.

That is one of the things for which he is paid $15,000 a year. He has to be a peer besides to qualify for the exalted office which is accounted among the political plums that the Prime Minister has to give away. The present Lord Chamberlain is in the top class of the peerage. He is the Duke of Atheli.

By restoring the court train he has earned the blessings of the fashionable dressmakers. But they would have lengthened their blessings if he had lengthened the trains. Before the war three yards was their regulation length, while Queen Victoria didn't consider four yards too long. By the new regulations they need be only two yards in length and should not extend more than more than 19 inches from the heel of the wearer when standing.

To walk backwards before royalty in a train three yards long without getting tangled up in it, imposes a severe tax on the ability and skill of not a few socially ambitious women. Queen Mary is a very kind woman and she would naturally wish to spare her sex making exhibitions of themselves. Hence she was in favor of the shorter length for trains.

MISS CECIL LEITCH WILL NOT COMPETE

LONDON, June 1.—Miss Cecil Leitch former woman golf champion, will be unable to compete in the American Woman's championship because of an injured arm. She strained the muscles of her arm in the United States in 1921 and on resuming play for the British championship this year hurt the arm again.

BOSTON SHUT OUT NEW YORK, 2 TO 0

BOSTON, June 1—Fillingim held New York to five hits today, Boston winning 2 to 0. Boeckel's double, singles by Ford and Fillingim and Groh's error on Nixon's grounder gave Boston two runs in the fifth. Nixon's play in the outfield was brilliant and Frisch fielded sensationally.

MANY SHARES SCORED SUBSTANTIAL GAINS

By Associated Press.

NEW YORK, June 1.—Speculative issues notably those under pool control were the conspicuous futures of todays stock market. Many shares of that character scored substantial gains in contrast to investment or standard issues most of which were hesitant and occasionally heavy. Sales amounted to 1,250,000 shares.

Erratic or conflicting movements among rails were resumed. Transportations as a group contributed little to the day's broad dealings

Prospective higher prices for crude products placed the oils in the forefront of the day's operations. Many of that division especially Standard Oil of New Jersey and Pan-American Petroleums and Sinclair made extreme gains of 1 to almost four points, these being materially shaded later.

Equipments, especially Baldwin Locomotive, General Electric and American Car, were firm to strong and International Harvester, Studebaker and various chemical, fertilizer and food specialties continued to improve.

Bankers and traders were of the opinion that the year's provisional moratorium granted to Germany would have the effect of stimulating this country's foreign trade.

Improvement in industrial conditions was emphasized by the greater activity reported at automobile manufacturing centers and increased earnings of mail order companies bespoke easier money in western farming sections.

Smaller supplies of money occasioned increased firm of demand and time rates. Call loans rose to 5½ per cent in the final dealings. Time funds were limited almost entirely to 30 and 60 day offerings

The London exchange rate eased at the outset, but heavy buying of bills forced that remittance to highest leevls in three years as the day progressed. Demand bills were quoted at 4.45½ in the final hour and as high as 4.45¾ after the close of the market.

Germany marks also strengthened. Liberty bonds closed for the most part at recessions from yesterday's maximum quotations selling being attributed to profit-taking and short offerings prompted by the progress of bonus legislation. Two $1,000,000 share lots of Liberty Secondh 4¼s sold at $99.96 and $99.98.

Total bond sales (par value) aggregated $14,738,000.

STRENGTH DEVELOPED IN WHEAT MARKET

By Associated Press.

CHICAGO, June 1.—Considerable strength developed in the wheat market today owing largely to indications of better export and milling demand together with talk just before the close that black rust had been found in North Texas fields. Closing quotations were unsettled ¼ to 1¼c net higher, July $1.19 to $1.19¾ and September $1.17⅜ to $1.17¾. Corn ¼ to ½c lower and oats finished ¼@⅜c off to ½c advance and provisions down 2c to 7c.

Gossip was current that Chicago houses sold 1,500,000 bushels of wheat to exporters in the last few days and that vessel room had been chartered for 1,000,000 bushels of wheat to be shipped to Buffalo. Overnight sales of export wheat were put at 750,000 bushels. Domestic mills appeared also to be taking wheat. It was pointed out that Chicago was the lowest market in the country and that No. 2 hard and red winter on track here was obtainable today at only ½c to 1c more than wheat could be contrated for to be delivered in Chicago during July.

With the passing of May delivery the total fresh arrivals of wheat in Chicago today dropped to 3 car loads, as against many hundred cars daily of late. Higher quotations at Liverpool and bullish estimates of the Argentine exportable surplus tended also to stimulate buying. Bulges on price brought out increased offerings and so did figures from private crop experts suggesting a domestic winter wheat yield of 605,000,000 bushels this season.

Corn and oats were depressed by heavy selling of corn. The selling was ascribed to a leading long.

Provisions wer easier in line with hog values.

FROM THE OTHER SIDE OF THE GATES OF PEARL

"Oh, what do you think the angels say?"
Said the children up in Heaven.
"There's a dear little girl coming home today.

She is almost ready to fly away.

From the earth we used to live in.

Come, let us watch at the gates of pearl.
And be ready to welcome the dear little girl,"
Said the children up in Heaven.

"God wanted her where his little ones meets,"
Said the children up in Heaven;
"She shall play with us in the golden street;
She had grown too fair and pure pure and sweet,

For the earth she used to live in.
She pined for the sunshine this dear little girl,
That gilds one side of the gates of pearl,"
Said the children up in Heaven.

"So the king called down from the Angel's home,"
Said the children up in Heaven;
"My little darling, arise and come
To the prepared place in the Father's home.
The home that my children live in;

So come, let us watch at the gates of pearl,
For Jesus has called her, the dear little girl,"
Said the children up in Heaven.

"Far down on the earth do you hear them weep?"
Said the children up in Heaven.
"For the dear little girl has gone to sleep;
The shadows fall and the night clouds sweep
O'er the earth we used to live in.

But up here there is a joy at the gates of pearl.
Oh! why do they weep for their glad little girl?"
Said the children up in Heaven.

"Fly with her quickly, A, Angels dear!"
Said the children up in Heaven.
"See, she is coming.
Look there! Look there!
At the jasper light on her sunny hair,
Where the veiling clouds are riven!
Oh, hush, hush, hush! All the swift wings furl!
For the king himself, at the gates of pearl
Is taking her hand, dear tired little girl,
And leading her into Heaven."

300 BOYS AND GIRLS

Look how they come! The Daily Vacation Bible School must sound like a picnic, judging the way the enrollment has piled up. It is better than a picnic. The results last longer than a hundred picnics. By the way, a picnic is part of the four weeks program. So is also the weaving of hammocks and memorizing of hymns and that is no picnic.

Beginning 9 A. M. June 5th, you will find Miss Emma Daniels, principal of the kindergarten; Miss Josephne Morey, principal pal of the primary; Miss Jeannie Grassly, principal of the juniors, and Rev. A. E. Howells, principal of the intermediate. Evidently the ministers are determined the school shall succeed—for Rev. Mr. Marbach has consented to be head superintendent.

Now, Parents, please get the boys and girls on the mark, June 5th.

C. OF C. PREPARING FOR ACTIVE WEEK

Special Committees Have Been Appointed to Take Charge of Supper, Membership D ive and Other Activities.

The Chamber of Commerce is devoting all of its time and energy at this time to closing the work for the year and getting ready for the work for the coming year. Special committees have been appointed to dispose of the tickets for the annual dinner and have already begun their work. The entertainment at the dinner is in charge of Fred Darr. Field Director Moss of the Illinois Chamber of Commerce has been secured to give the principal address at the banquet and an especially good program has been planned. The committee in charge of the ticket sale is composed of L. S. Ried, Elmer Snyder, Lloyd Hamilton, Fletcher Hopper, Frank Plouers, H. E. Wheeler, Henry Smith, Robert Birnbaum, Wiliam Floreth Jr., William Cocking, Edward Tomlinson, L. F. Randall, A. R. Taylor, Louis Horen, Hugh Breeden and T. M. Tomlinson.

General chairmen Carl E. Robinson assisted by Earl M. Spink, and C. Y. Rowe met yesterday and selected 16 men that will head the soliciting teams for the membership drive. These men will be called together this morning at ten o'clock for a meeting at which they will select their different groups of workers.

All preliminary work will be completed at the time of the arrival of the American City Bureau representative Monday morning. The prospect committee met again last night and completed its work. These prospects will be placed on cards for the use of the soliciting teams. The number of members whose dues have not been paid is steadily decreasing and it is anticipated that there will be only a small number of delinquent members for the soliciting teams to interview at the beginning of the week.

ATTRACTIVE SETTING FOR "POMANDER WALK"

Preparations are being made for a most attractive setting for "Pomander Walk," the play to be given Saturday night by the I. W. C. Dramatic Club. Care has been taken to choose a place on the campus that will simulate the quaintness of Chiswick. Five families live on "Pomander Walk" and there one meets people whose comings and goings and love-making give excuse for the many amusing situations which make this a wholly delightful comedy. his is the first time for several years that the dramatic club has attempted to produce a comedy, and they have made a particularly happy choice, for "Pomander Walk" is filled with comic situations and whimisical characterizations. The period that of George III, gives an excellent opportunity for costuming, and in the scene where Mrs. Poskett entertains the "Walk" the guests are attired in the "last word" from Paris fashions of 1805.

No time or thought has been spared in working out the lighting effects, as well the entire setting and the results promise to satisfy even the most critical.

OCCIDENT

The Guaranteed Flour

Every sack of Occident Flour is milled to the highest standard of quality and cleanliness.

There are many other reasons why Occident made bread keeps moist and sweet and wholesome so much longer than bread made from just ordinary flour.
